

PERSONAL TUTORING

At Success Pathway, our tutoring staff understands the importance of your student's academic success.

Your student is about to embark on a journey that will not only provide them with the educational building blocks they need to succeed, but will help shape the very person they become. Along the path, they will face triumphs and challenges, both in school and in their personal lives. Your student will find the need to adjust to new environments at the same time they are growing both emotionally and socially, all during a time of missing their native country and families. This can be a difficult transition and every student's experience is unique and personal.

Success Pathway is here to guide your student through this exciting and sometimes challenging journey, helping them succeed in academics, and be best prepared for the college application process. Our tutoring staff will work with your student to identify areas to build stronger skills in each course and help them achieve greater academic success. During our tutoring sessions, we take the time to identify your student's learning style and adjust our approach, including adding appropriate learning strategies to address their needs--**in their homes, at their pace, in a way they can understand.**

Our tutoring staffs are college/university graduates who currently teach or are retired teachers; each has acquired academic techniques in their specialized areas. Success Pathway tutors are available to work with students in high school, college or university to prepare for standardized tests, including professional exams. Not only are our tutors exceptional instructors in Math, Reading, ACT/SAT prep, and Calculus but they can also provide private

tutoring in many other subjects such as Physics, Biology, Statistics, AP Courses, Spanish, Geometry, Algebra, etc.

Our packages include a wide range of choices and hours to address your student's needs, starting as low as \$95 per hour. For example, your student can purchase 6 hours (1.5 hours per session) to help with his/her SAT and ACT preparation.

In general, we encourage your student to purchase our designated hour packages. These hours can be spread over a range of months or extend over the entire academic year. Please see below for our suggested breakdown or your student can design the hours based on his/her schedule:

- ❖ 50 hours – 2 hours/session – 2 times/week – 12.5 weeks to complete
- ❖ 100 hours – 2 hours/session – 2 times/week – 25 weeks to complete
- ❖ 150 hours – 2 hours/session – 2 times/week – 37.5 week to complete
- ❖ 200 hours – 2 hours/session – 2 times/week – 50 weeks to complete

The more hours you purchase for your student, the more you save! Get your student on the right track to success today by emailing us at info@successpathwayconsulting.com
